Brook West Family Dentistry

David Domaas, DDS, DICOI / Wendy Tanner, DDS / Eric Wang, DDS / Angela Hastings, DMD / John Smith, DDS

Congratulations to our *Mpls.St.Paul Magazine* Top Dentists: Drs. David Domaas, John Smith, Wendy Tanner, and Eric Wang!

In the words of our patients:

"I had an implant placed by Dr. Domaas with no discomfort during or after the procedure. It was like a spa experience. Thanks to Dr. Domaas for being so amazing!"

"I highly recommend Dr. Wang for his excellent, efficient, and precise care. I appreciated the blanket, neck wrap, music choice, and the right amount of conversation. They even called me the day after treatment to make sure I was okay."

"I am extremely pleased with Dr. Tanner and her degree of attention to the fitting of my crown. She was caring and encouraging. Dr. Tanner did a great job of informing me of my options and the advantages and disadvantages of each."

"My granddaughter is extremely afraid of dentists. I brought her to Dr. Smith. He listened to her story of negative experiences at a different dental office and didn't shame her. She said that going to him will not be scary. Brook West is #1 in my book!"

"Dr. Hastings was amazing! On time, professional, and her attention to detail was obvious in the two fillings she did for me."
